### What you need to know...

#### I. What is Parent Connection?

- ❖ Gives you one more tool to help your child succeed

#### III. How does Parent Connection work?

##### a. Website: <https://zangleweb01.clovisusd.k12.ca.us/parentconnect/>

- ❖ Be sure to use the https address because this is a secure connection

##### b. Logging in

- ❖ You have an assigned PIN that will give you access to all of your children, although only Clovis High will be active at this time
- ❖ You have been given a temporary password. The password is the first 4 letters of the parent's last name followed by the last 4 numbers of the PIN. You will change your password to one of your choice.

##### c. Choose your student

- ❖ If you have more than one child listed, choose one who is at Clovis High, and be sure to select this school year. Next year's database has been populated so when you "Select a student", your student will show up with this school year and next school year. Please choose this school year. Eventually you will see all of your students listed.

##### d. News
